

15 December 2020

Dear Parent/Carer,

As you may have seen in the news this afternoon, the government has announced that secondary school pupils may return to school on a staggered basis on the first week of the Spring Term. This is to allow schools time to set up the Covid testing scheme, which was announced earlier this week.

Students sitting exams this year will return to school as planned on Monday 4 January 2021. This means that we expect all Year 11 and Year 13 students to return to school on this date.

We are awaiting further information from the government before we confirm arrangements for other year groups. We will share more information with you as soon as we are able to. The government has indicated that all year groups will be back in school by Monday 11 January 2021.

Once again, thank you for your support during these difficult times.

Yours faithfully,

Mrs Y Weston
Head of School
